

SpeechSkills: Round Two

Go from *good* to *great*.

ONE-DAY WORKSHOP

In your first SpeechSkills workshop, you learned what it takes to project a confident, credible image. Now, it's time to take your speaking skills to the next level.

The first half of this workshop will focus on practice so you can reinforce your strengths and evaluate your progress. In the second half, we'll raise the level of difficulty by including visual aids.

WHAT TO EXPECT

Feedback

We'll take a fresh look at your image to evaluate what's working and what still needs improvement.

On-camera Coaching

You'll have at least five on-camera exercises through which you'll get a new dose of coaching and begin developing your "next step" skills.

Working with Slides

After a review of best practices for creating and interacting with visual aids, everyone will present four to five of their own slides while receiving interactive feedback.

New Action Plan

By the end of the day, you'll list which new skills are your highest priorities, and we'll discuss ways to keep your progress moving forward.

WHAT WE'LL COVER

- Challenges you may be encountering
- Ways to practice on your own
- How to deliver slides with impact
- Advanced skills for making a stronger connection
